

# The 27th North American Catalysis Society Meeting

**New York, New York**

**May 23-28, 2021**

[nam27.org](http://nam27.org)

**Abstract Call Extended**

**New Date: November 30th**

**See you in New York!**

Dear Catalysis Community,

As our conference planning efforts carry on, we continue to work very closely with our venue and the NACS board to ensure a successful and safe conference. We fully understand that these are uncertain times and the situation is constantly evolving. We have been and will be continually working closely with all stakeholders to monitor changes and provide timely information. We have decided to ***extend the deadline for abstract submissions to November 30th***. As always, we will continue to update the [conference website](#) and will communicate with the community as more conference details become known. Abstract submissions can be managed at the [technical program](#) section of our website.

With regards,

The Organizing Committee of the 27<sup>th</sup> North American Catalysis Society Meeting
